

Do it for the children and your health

The Glow Run benefits the St. Joseph School in Westphalia. St. Joseph school provides an invaluable academic education for the students from multiple local parishes while instilling God's faith in our children. This new and rewarding event will not only bring health and positive attitudes to our community but will also provide a brand new adventure for non-residents/residents. This event will be very beneficial for our children by providing funds for better educational tools, such as: upgrades for technological advancements or providing uniforms & equipment for physical activities that will keep the kids in motion and we've all learned that providing activity for a child provides clarity and creativity for beautiful minds.

The Glow Run will be held on **April 15th, 2016** in Westphalia, MO at the Knights of Columbus.

Thank you for your interest in participating in this important cause for our community.
